**Hon CHAN Hak-kan's motion on  
“Seizing the opportunities of accelerating the development of new quality  
productive forces in the country”**

**Wording of the Motion**

That this Council urges the Government to seize the opportunities of accelerating the development of new quality productive forces in the country, tap on Hong Kong's 'eight centres' positioning and proactively respond to the new situation and new challenges, including vigorously attracting top talent; encouraging science and technology innovation; driving industries such as finance, trade, professional services and transportation and logistics to keep abreast of the times so as to maintain their edges; and promoting the development of new industries, new modes and new growth drivers, thereby contributing to the optimization and upgrading of industry chains and supply chains, the nurturing of emerging industries and future industries and the innovative development of the digital economy of our country.
