

## Annex

A breakdown of suspected cases of unlawful occupation of government land received by the Lands Department (LandsD) in the past three years and substantiated cases within the same year by district (according to the boundaries of District Lands Offices (DLOs)) is set out below. As the handling of a case may straddle different years, the number of substantiated cases of unlawful occupation of government land in a year may not correspond with that of suspected cases received within the same year.

A breakdown of the types of occupation in the substantiated cases of unlawful occupation of government land by district (according to the boundaries of DLOs) is as follows:

- Type (1): Illegal disposal of sundry items (including piling of waste and illegal depositing of construction and demolition materials, bamboos scaffolds, skips, abandoned vehicles and miscellaneous objects)
- Type (2): Illegal enclosure of land (including erection of fences and railings, storage, brownfield operations and cultivation; generally not involving structures)

Type (3): Illegal structures (including squatter structures, retaining walls, ramps, slopes, vehicular and pedestrian access, tents and structures)

Type (4): Street management (including obstruction by shop-front extensions, non-commercial publicity materials and illegal bicycle/vehicle parking)

Type (5): Illegal cultivation, land filling, site formation works, etc.
