## Note:

1. Category 1 service/activity includes health promotion and educational programme.
2. Category 2 service/activity includes health risk assessment, screening for diabetes mellitus and hypertension, chronic disease management and community rehabilitation.
3. As different services are provided by the 11 DHCEs, the attendance figures are not directly comparable.
4. Figures are rounded to the nearest hundred and may not add up to the total due to rounding.
5. The service figures above have included services provided by DHCs/DHCEs for participants of the Chronic Disease Co-care Pilot Scheme which was launched on November 13, 2023.
