The number of ship calls at cruise terminals in Hong Kong (including the Kai Tak Cruise Terminal (KTCT), the Ocean Terminal and other berthing facilities) and passenger throughputs in the past five years:

Year#	Number of cruise lines	Number of ship calls	Cruise passenger throughput (including local residents and non-local visitors)
2020	9	25	103 444
2021	2	84	253 017
2022	2	4	11 843
2023	18	164	475 772
2024 (projected)	30	150	480 000

#Due to the pandemic, international cruise travel in Hong Kong was suspended from 5 February 2020 to 17 January 2023. "Cruise-to-nowhere" itineraries were allowed to operate in KTCT during the period from 30 July 2021 to 6 January 2022.
