Note 1: "Average maximum number of working hours in a day" refers to the average of maximum working hours for a non-skilled worker per day as stated by a government service contractor in the relevant service contract. It is not the same as the actual daily working hours of each non-skilled worker. The four major procuring departments do not maintain figures of the average daily working hours of the staff concerned.

Note 2: Other services refer to horticultural services and venue management services.

Note 3: Other services refer to property management services.

Note 4: Other services refer to cemeteries/crematoria/manual handling-related services.

Note 5: Other services refer to property and facility management services.
