**Hon Carmen KAN's motion on
“Strengthening the governance systems and further reinforcing
the closely intertwined relations between the ‘three centres’”**

Wording of the Motion

That the Resolution of the Central Committee of the Communist Party of China on Further Deepening Reform Comprehensively to Advance Chinese Modernization stipulates the need to uphold institutional building as the main task, strengthen top-level design and overall planning and affirms HKSAR's strategic positioning as ‘three centres and a hub’; in order to give full play to our own advantages and explore new growth areas, this Council urges the SAR Government to strengthen its governance systems by reviewing the positioning, organizational form, organizational structure, terms of reference, etc., of government and non-government organizations relating to the ‘three centres’, so that related organizations including the Hong Kong Financial Services Development Council, the Hong Kong Trade Development Council and the soon-to-be-established Hong Kong Maritime and Port Development Board can create a more active synergistic effect; and to improve the business environment by formulating policy measures that are conducive to attracting businesses, investment and talents, soliciting the active support and collaboration of the industrial and commercial sectors and developing new quality productive forces according to local conditions, so as to further reinforce the closely intertwined relations between the international financial, shipping and trade centres as pointed out in the Policy Address and jointly promote Hong Kong's economic development.
