

Committee on Education, Technology and Talents

Terms of Reference and Membership

Terms of Reference

In order to build Hong Kong into an international hub for high-calibre talents, the Committee will:

1. Provide policy guidance on building an international education hub, attracting high-quality innovation and technology talents, enhancing talent admission schemes and talent services, etc, and coordinate cross-bureau and cross-department collaboration;
2. Oversee the implementation and effectiveness of the education, technology and talents policies relating to the building of an international hub for high-calibre talents, and review them in a timely manner to promote the integrated development of education, technology and talent; and
3. Maintain communications with outside experts and stakeholders as necessary to take forward the work of the committee.
