Notes

- Individual figures may not add up to the total due to rounding. Figures may be subject to subsequent adjustment.
- Starting from the statistics for Q1 2022, the HKMA began to publish “add value” transactions data to provide more information regarding SVF transactions. Following the publication of “add value” transactions, transactions relating to certain receipts of online spending payment and P2P funds transfer that were previously counted under “online spending payment” or “P2P funds transfer” are now counted under “add value” to reflect the relevant nature of such transactions.
