

Approved applications
in the fourth round of Green Tech Fund Applications

Application number	Project titles	Applicant	Approved duration	Grant approved
<u>New energy technology</u>				
GTF202310181	Non-Petrochemical Ultra-High-Temperature Waste-to-Energy Green Hydrogen Technology	Pyrolysis Technology Limited	36 months	\$2,690,000
<u>Turning waste into resources</u>				
GTF202310233	A low-carbon manufacturing technology to turn municipal solid waste incineration (MSWI) ash into artificial aggregates	City University of Hong Kong	36 months	\$5,385,450
GTF202310277	Marine self-healing concrete with biomineralization-enhanced construction waste for long-term decarbonisation	The Hong Kong Polytechnic University	24 months	\$6,025,080
