[Note 1] The School-based After-school Care Service Scheme had not yet been implemented in the 2022-23 school year.

[Note 2] By School Year.

[Note 3] By Financial Year.

[Note 4] The utilisation rate is based on the number of users.

[Note 5] Each service place may be utilised by more than 1 child.

[Note 6] The utilisation rate is based on actual utilisation of service sessions.

[Note 7] Number of students studying in publicly-funded primary schools. Since the planning and provision of special school places are not on a district basis, the number of students studying in special schools by district is not available. The number of students studying in the primary section of special schools for the 2022/23 school year is 3 951.

[Note 8] Number of publicly-funded primary schools. The bracketed number denotes aided special schools with primary section.

[Note 1] By School Year.

[Note 2] By Financial Year.

[Note 3] If students withdraw from the Scheme, the service unit is required to arrange for other eligible students to fill in the vacancy. Therefore, the number of beneficiaries may exceed the number of allocated service places.

[Note 4] The utilisation rate is based on the number of users.

[Note 5] Each service place may be utilised by more than 1 child.

[Note 6] The utilisation rate is based on actual utilisation of service sessions.

[Note 7] Number of students studying in publicly-funded primary schools. Since the planning and provision of special school places are not on a district basis, the number of students studying in special schools by district is not available. The number of students studying in the primary section of special schools for the 2023/24 school year is 4 167.

[Note 8] The School-based After School Care Service Scheme was implemented at 59 primary schools located at seven districts offering some 3 000 service places in the 2023/24 school year, and expanded to cover more than 120 primary schools in all 18 districts across the territory offering about 6 000 service places in the 2024-25 school year.

[Note 9] Number of publicly-funded primary schools. The bracketed number denotes special schools with primary section.
