[Note 1] By Financial Year.

[Note 2] By School Year.

[Note 3] ASCP and Enhanced ASCP are operated by NGOs on a self-financing and fee-charging basis. Through Fee Waiving Subsidy Scheme (FWSS) under ASCP, the Social Welfare Department provides financial assistance to low-income families in need by waiving and reducing the fees of the ASCP for their children. Eligible families in need may approach service operators directly for application for subsidies of full-fee waiving, half fee-reduction or one-third fee-reduction.

[Note 4] Full Fee-waiving Subsidy Rate.

[Note 5] The total expenditure might be varied if there is any claw back or adjustment of the subsidies from the Approved Service Providers after the settlement of individual financial accounts.
