**Hon MA Fung-kwok's motion on
“Staying firm and united to counter the tariff trade wars and
strengthening Hong Kong's role as an international gateway”**

Wording of the Motion

That given the launch of a series of tariff trade wars by the United States against China, this Council urges the SAR Government and all sectors of the community to resolutely dovetail with our country's corresponding strategies, unite together to resist the bullying of the United States, and do their utmost to contribute to both Hong Kong and our country with more practical actions, including actively strengthening Hong Kong's unique advantages under 'one country, two systems' as well as its international financial, commercial and trading networks, and better utilizing offices of the SAR Government outside Hong Kong to mobilize the proactiveness of all sectors to safeguard Hong Kong's external links, thereby enabling Hong Kong to give play to its role as an international gateway, deepen international exchanges and cooperation, and serve as an intermediary platform connecting our country with the world.
