Conviction	0	2	7	14

Note: Cases received refers to the number of cases involving voyeurism-related offences under the Crime Ordinance (Cap. 200) received by the Police in that year. The respective years of prosecution and conviction refer to the years in which the trials were concluded. As the court proceedings in some cases may take longer, the year in which a case received by the Police may not be the same as the year of conclusion of the case.
