

Winners and finalists will receive the following opportunities to support their business expansion and development:

For winners only

- (1) tailored consultation services, commercial advice, and mentorship support from the Institute of Sustainability and Technology (IST), as well as investor networking opportunities through IST's connections; and
- (2) fast-track opportunity to the presentation stage of the Cyberport Incubation Programme and the assessment panel meeting of the Hong Kong Science and Technology Parks Corporation (HKSTP) Incubation Programme. The relevant programmes provide access to financial assistance, market outreach, business matching, and mentorship, etc.

For winners and finalists

- (1) HKSTP's Global Connect membership and fast-track application to join a 12-month soft landing programme targeted at startups for scaling up businesses in Asia;
- (2) opportunity to build business relationships with investors, corporates and business associations through the networks of Invest Hong Kong and enjoy marketing visibility on their FinTechHK Community Platform;
- (3) video display of their solution on the 2025 Green Fintech Symposium webpage for brand promotion; and
- (4) potential opportunity to pitch and showcase solutions at future events by the co-hosting and/or supporting organisations.
