Note 1- Excluding the LNs where the transaction was cancelled (less than 10 cases of LNs where the transaction was cancelled in each exercise). The CEPs for WSM are with a validity period of 12 months from the date of issuance. The holder is entitled to purchase a subsidised sale flat (SSF) with premium unpaid within the validity period and apply for LN within one month from the date of signing the Provisional Agreement for Sale and Purchase in order to complete the transaction.

Note 2- The number of LN issued by HA per month is calculated based on the average number of nomination letters issued during the 12-month period.

Note 3- WSM 2023 is still in progress. The above figures are as at end-April 2025 and the number of LNs may be adjusted due to eventual cancellation of transactions in some cases.

Note 4- Including the number of all applicants for WSM 2024, including all young families and one-person applicants participating in the "Youth Scheme (WSM) ". WSM 2024 is still in progress and the HA expects to issue approval letters to successful applicants in the third/fourth quarter of 2025. Holders of the approval letters can apply for a CEP (valid for 12 months) within a specified date for purchasing SSF with premium unpaid.
