**Hon CHAN Hak-kan's motion on
“Reviewing the priorities for public works
to ensure enhanced speed and efficiency of key projects”**

Wording of the Motion

That in view of the current economic and fiscal position of Hong Kong, this Council urges the Government to further review the priorities for future public works, consider deferring non-urgent projects, and optimize the allocation of public resources, so as to alleviate the financial pressure on the Government, avoid cutting expenditure related to people's livelihood, and ensure more effective use of public resources, thereby enhancing the speed and efficiency of key projects relating to the economy and people's well-being and bringing positive benefits to Hong Kong's economy and people's livelihood as soon as possible.
