

Annex 2

Primary Healthcare Commission Logo

Logo Design Concepts and Symbols:

I.		The tightly intertwined knot symbolises the collaboration among all partners, jointly forming a district health network by medical-social collaboration to safeguard the health of the citizens.
II.		The leaf represents vitality and resilience, symbolising hope and revival of health, much like the health of the citizen. The leaf, surrounded by the knot, reflects the concerted efforts of various parties to safeguard the health of the citizen with professional standard.
III.		The red dot symbolises primary healthcare as the first contact point for people's health and the beginning of a healthy life course.
