Ma Tso Lung	3 000		
Au Tau	To be confirmed		

Note1: Estimations are primarily based on the proposed land uses and gross floor areas of the respective NDAs, and worked out under the relevant assumptions. The actual distribution and figures of the industries and jobs will depend on the industries and enterprises that have actually moved in.

Note2: Including commercial, retail, services, technology, research and development (R&D), and special industry and related supporting industries, etc. Special industry covers the business and technology park, enterprise and technology park, logistics facilities, port back-up, storage and workshop uses, as well as industrial uses. The related supporting industries refer to jobs

supporting technology/R&D/special industry, such as those in administration, business operations and human resources.
