**Hon Adrian HO's motion on  
"Facilitating land-based cross-boundary transport"**

**Wording of the Motion**

That given the interconnectivity and coordinated development of the Guangdong-Hong Kong-Macao Greater Bay Area ('GBA'), the Government should strive to facilitate cross-boundary travel to further strengthen the connections among Guangdong, Hong Kong and Macao; in this connection, this Council urges the Government to actively explore the feasibility of implementing a 'one vehicle, multiple ports' arrangement for GBA cross-boundary private cars, taking into account the traffic management and operational conditions at boundary control points, to optimize the existing Regular Quota for Hong Kong Private Cars to Macao (Access to City Centre) and 'Southbound Travel for Guangdong Vehicles' schemes, to continuously enhance and digitalize processes related to cross-boundary driving such as licence applications and registration arrangements, and to enhance the flexibility of the Express Rail Link passenger services and the efficiency of land immigration clearance.
