宏福苑七座受災樓宇整體狀況

Overall Condition of the Seven Fire-Affected Blocks at WFC

宏福苑七座受災樓宇整體狀況

Overall Condition of the Seven Fire-Affected Blocks at WFC

- 宏福苑火災範圍非常廣泛，其中七座樓宇持續暴露於大火，受到不同程度損毀。
- 雖沒有即時倒塌危險，但樓宇外牆、單位內的牆身、橫樑及樓面板等，都因高溫火災產生出現不同程度弱化及潛在的結構損毀。
- 樓宇中的混凝土當受到長時間高溫大火加熱，再因滅火灌救快速冷卻，產生大量微裂縫，導致抗壓強度降低，亦會破壞與鋼筋之間的黏合性，造成不可逆轉的「內傷」；其他功能（包括防止外牆滲水、防止鋼筋日久生銹、窗戶的鞏固性）亦遭破壞。
- The fire at Wang Fuk Court was extremely extensive, with seven blocks continuously exposed to the blaze and sustaining varying degrees of damage.
- Although there is no immediate risk of collapse, the external walls, internal partitions, beams, and floor slabs of the buildings have all been weakened to different extents and face potential structural impairment due to the high temperatures of the fire.
- When concrete is subjected to prolonged heating from intense fire and then rapidly cooled down during firefighting operations, numerous micro-cracks are formed. This reduces the compressive strength of the concrete and undermines its bonding with steel reinforcements resulting in irreversible “internal injuries.” Other functions have also been compromised, including resistance to water seepage through external walls, protection against long-term corrosion of reinforcement, and the integrity of window installations.

宏福苑七座受災樓宇整體狀況(續)

Overall Condition of the Seven Fire-Affected Blocks at WFC(cont.)

- 此外，單位內外的電力、供水及煤氣等設施，以及公用地方的消防、升降機及電訊系統等亦已損壞，必須全面重置才能符合《建築物條例》及其他相關法例下對住宅樓宇的要求。一般大維修難以處理，業主亦須承擔非常大的風險和難以估算的高昂費用。
- 樓宇難以合理地或以合乎成本效益的方法復修，以確保其功能、長遠安全及耐久性，並完全符合相關法例的要求。
- 我們相信，這七座樓宇最終需要被拆卸。
- In addition, facilities both inside and outside the units, including electricity supply, water supply, and gas installations as well as communal systems such as fire services installations, lifts, and telecommunications, have all been damaged. A complete replacement is required in order to meet the standards for residential buildings stipulated under the Buildings Ordinance and other relevant legislation. Ordinary major repairs would be insufficient, and owners would face extremely high risks and incalculable costs.
- The buildings cannot reasonably, or in a cost-effective manner, be restored to ensure their functionality, long-term safety, and durability with full compliance with statutory requirements.
- We believe the seven blocks would need to be demolished in the end.

長遠居住安排方案

Plan for long-term housing arrangements

以情、理、法處理，以情先行
Adhering to the principles of
"empathy, reason, and law", with
priority given to "empathy"

- 政府主要按以下原則，制定長遠方案 -
 - 第一，照顧受影響家庭的意願，要情、理、法兼備，並以情為先；
 - 第二，提供多元選項，讓居民「有得揀」；
 - 第三，提供大埔原區長遠居住安排選項；
 - 第四，善用公共資源。
-
- The Government has devised the plan for long-term housing arrangements based on the following principles –
 - First, considering the wishes of the affected families whilst balancing empathy, reason and law, with priority given to empathy;
 - Second, providing a variety of options so that residents have a real choice;
 - Third, providing a long-term housing option in Tai Po;
 - Fourth, ensuring the efficient use of resources.

長遠居住安排方案

✓ **政府會提出收購**
The Government will
make acquisition offers

- 宏福苑A-G座七座受災樓宇，一共有1 736個單位，規模之大，前所未有，目前根本沒有任何有效的市場機制可以幫助受災住戶。如果政府不作有力介入，他們在宏福苑持有的單位難以找到買家購買。多年來投放在單位的資金可能「化為烏有」。
- 政府因此提出用現金 / 「樓換樓」方式收購宏福苑A-G座所有單位的業權。這個方案可以最快和最靈活地解決受災業主住戶的長遠居住安排。
- 政府成為單位的業權人後，會承擔和處理法律及保險方面的種種風險，以及相關程序和處理時間上的不確定性。
- The seven fire-affected blocks (Blocks A–G) at Wang Fuk Court comprise a total of 1 736 units. The scale of the disaster is unprecedented, and currently there is no effective market mechanism to assist affected households. Without strong Government intervention, owners would find it extremely difficult to secure buyers for their units in Wang Fuk Court. The money invested in their homes over the years would very likely become worthless.
- The Government will make acquisition offers to all owners of Blocks A-G by cash or by Flat for Flat arrangement. This solution offers the fastest and most flexible means of resolving the long-term housing needs of affected owners and residents.
- Upon becoming the owner of the units, the Government will assume and manage the various legal and insurance risks, as well as the uncertainties associated with related procedures and processing time.

✓ 政府會提出收購
The Government will
make acquisition offers

收購價 Acquisition Price

按實用面積計算：

未補價的單位：每平方呎**8,000**元

已補價的單位：每平方呎**10,500**元

全部單位均採用以上劃一標準

Based on the saleable area:

Flats with premium unpaid: \$8,000 per square foot

Flats with premium paid: \$10,500 per square foot

The above uniform standards will be applied to all units

收購價的考慮因素

Major considerations for determining the acquisition price

- 居民痛失家園，遭受重大損失，生活上亦面對重重困難，值得社會理解和支持。
- 宏福苑火災規模之大，影響之深，屬「特別中的特別」個案，不會構成先例。
- 讓受災家庭基本上有能力重置長遠居所。
- Residents have lost their homes and suffered significant losses. Their difficult circumstances warrant the understanding and support from society.
- The WFC fire is a “special case of exceptional nature” which will not serve as a precedent.
- Affected families should be enabled to relocate and secure long-term housing

總收購成本

Total acquisition cost

- 收購A-G七座總成本約**68億元**。
- 「大埔宏福苑援助基金」可提供約28億元。
- 單靠「大埔宏福苑援助基金」並不足夠，須適度投入公帑，現階段估計約40億元。
- 雖然當中部分有可能在較後時間從保險賠償中取回，但相關事宜在法律、程序和處理時間上仍然有相當的複雜和不確定性。

- The total acquisition cost of the 7 Blocks (A – G) is approximately \$6.8 billion.

- Around \$2.8 billion will be drawn from the “Support Fund for Wang Fuk Court in Tai Po”.

- The “Support Fund for Wang Fuk Court in Tai Po” alone is not sufficient to meet the needs. Around \$4 billion public money would need to be injected.

- Although part of the losses may possibly be recovered at a later stage through insurance claims, the related matters remain highly complex and uncertain in terms of legal issues, procedures and processing time.

宏志閣

Wang Chi House

- 宏志閣未有受大火波及，但仍有一些必要維修和管理安排需要處理。
- 部分宏志閣的業主在不同場合表明，希望能返回原本單位長期居住。
- 由於宏志閣仍然可供居住，政府亦必須尊重私有產權，除非宏志閣業主能夠達成高度共識，希望政府的方案也能涵蓋宏志閣，否則政府難以作進一步介入。
- 事實上，政府若只能零星收回小部分宏志閣的單位，地契、大廈公契、公用空間等問題仍然不會獲得妥善解決。因此，在現階段政府的購買業權方案不會包括宏志閣。
- 不過，如果宏志閣的業主能夠達成高度共識，政府樂意與各業主進一步探討這個可能性。

Wang Chi House was not affected by the fire. However, certain necessary repair and management arrangements must be carried out.

Some owners of Wang Chi House have, on different occasions, indicated their wish to resume long-term residence in their original units.

As Wang Chi House can still provide accommodation, and the Government must respect private property rights, unless owners of Wang Chi House reach a high degree of consensus and would like the Government's plan to also cover Wang Chi House, it would be difficult for the Government to intervene further.

In fact, if the Government was only able to acquire a small number of units in Wang Chi House, issues relating to land leases, building deeds of mutual covenant, or common areas could not be effectively resolved. **Accordingly, the Government acquisition proposal does not cover Wang Chi House at this stage .**

If, however, owners of Wang Chi House are able to reach a high degree of consensus, the Government would be willing to further explore this possibility with them.

樓換樓

Flat for Flat

在「樓換樓」安排下（即業主不選擇直接獲取收購金額），如業主選擇的單位價格較收購金額（「可用金額」）高，業主需向房委會/房協額外補足差額；相反，若選擇的單位價格較「可用金額」低，業主可以收取相關的差額。

Under the “Flat-for-Flat” arrangement (i.e., where the owner does not opt to receive the acquisition payment directly), if the price of the selected flat exceeds the acquisition price (“credits”), the owner needs to make up the difference to the HA/ HKHS. On the contrary, if the selected flat price is lower than the “credits”, the owner may receive the corresponding balance.

註:

宏福苑單位的實用面積介乎約40至45平方米 (即約431 至 483 平方呎)

Note:

The saleable area of WFC ranges from approximately 40 to 45 square meters (i.e. about 431 to 483 square feet)

選樓次序

Flat selection priority

政府會尋求房委會及房協同意提供約3 900個單位；單位數目較已表示會考慮接受政府預留單位的住戶高出三倍以上。

The Government will seek the agreement of HA and HKHS to offer around 3 900 flats, which is more than three times the households that have indicated the intention to consider accepting flats reserved by the Government.

無論選擇哪一個選項，業主須在8月31日或之前（即由今日起計約六個月內）確認其意向。為鼓勵業主盡早接受收購，選樓的先後次序會按照業主接受政府收購的日期分批而定。

Regardless of which option is chosen, the owner must confirm their intention by August 31 (i.e., within about six months from today). To encourage owners to accept the acquisition offer at an early stage, the flat selection order will be determined in batches according to the date on which they accept the Government's acquisition offer.

同一批次內的申請者的選樓次序，會再取決於按攪珠結果而排列的次序。

The flat selection order for applicants within the same batch will be further determined by their sequence as drawn in the ballot.

特設銷售計劃將於2026年9月開始選樓。

Flat selection under the Special Sales Exercise will commence in September 2026.

轉讓限制

Alienation restrictions

所有參加特設銷售計劃及「樓換樓」的宏福苑業主，我們將解除有關禁售期的轉讓限制。

然而，如業主欲在公開市場出售其單位，仍須繳付補價。

We will lift all the alienation restrictions related to the restriction period for WFC owners who purchased a flat under the Special Sales Exercise and the “Flat-for-Flat” arrangement.

However, if owners wish to sell their flats in the open market, they will still be required to pay the premium.
