Step 9 :

Set the balance amount of stored value for top-up when it is below a certain limit, and the amount of auto top-up each time.

The screenshot shows the 'Designated Stored Value Account...' settings page. It features two sections for setting limits, each with a slider and a text input field. The top section is for 'Top-up when balance below amount' and the bottom section is for 'Auto Top-up amount'. Both sections have a minimum value of HK\$300 and a maximum value of HK\$2700. The current values are set to HK\$300. A 'Next' button is located at the bottom of the screen.
