(1) For inward direction, direct shipment and transshipment refer to imports and inward transshipment respectively. For outward direction, direct shipment and transshipment refer to exports (comprising domestic exports and re-exports) and outward transshipment respectively.

(2) Seaborne refers to transport by vessels operating beyond the river trade limits, while river refers to transport by vessels operating exclusively within the river trade limits. The river trade limits mean the waters in the vicinity of Hong Kong which broadly include the Pearl River, Mirs Bay and Macao, and other inland waterways in Guangdong and Guangxi which are accessible from waters in the vicinity of Hong Kong.
