

**Northern Metropolis Highway
(San Tin Section)**

This aerial photograph captures a complex highway interchange in the San Tin area. The Northern Metropolis Highway (San Tin Section) is the central focus, shown as a multi-lane elevated road that curves through the landscape. It intersects with the Tsing Long Highway and the Yuen Long Highway. The interchange is surrounded by a mix of urban development, including residential buildings and industrial sites, as well as natural features like a river and green spaces. A north arrow is visible in the top left corner, and the background shows a range of mountains under a clear sky.
