Note (1) - Excluding the LNs where the transaction was cancelled (less than 10 cases of LNs where the transaction was cancelled in each exercise). The CEPs for WSM are valid for a period of 12 months from the date of issuance. The holders may purchase Subsidised Sale Flats (SSF) with premium unpaid within the validity period of the CEPs and apply for a LN within one month from the date of signing the Provisional Agreement for Sale and Purchase, so as to complete the transaction.

Note (2) - “WSM 2024” is still in progress. The above figures are as at the end of June 2026, and the number of LNs may be adjusted due to eventual cancellation of transactions in some cases. In addition, starting from “WSM 2024”, the arrangement was enhanced by reallocating unused family quotas to singleton applicants.

Note (3) - Including the number of all applicants under “WSM 2025” and all young family as well as singleton applicants under the “Youth Scheme (WSM)”. “WSM 2025” is still in progress, and HA expects to issue approval letters to successful applicants in the fourth quarter of 2026. Holders of approval letters may apply for a CEP (valid for 12 months) within a specified period for purchasing SSF with premium unpaid.
